Ying-Yang's Birthday

The Webkinz were preparing for the first birthday party in May. Ying-Yang has her birthday on Cinco de Mayo, May 5. "Are the decorations up, Alley?" asked Lulu.

"There better be. Ying-Yang will be home any minute." said Alley.

"Hey, guys. Here she comes." said Hector while looking out the window.

"Everyone hide!" said Jessica as all of the Webkinz hid behind some furniture that was scattered around the room. Ying-Yang walked in. She found out that the lights were turned off. She turned them back on.

"Surprise!" said everyone in unison.

"Aw, you guys actually remembered it was my birthday." said Ying-Yang.

"Of course. You told us that Cinco de Mayo was also your birthday." said Hugo.

"Well, come on, birthday girl. We got presents in the other room." said Marshall.
